TE TIRITI O WAITANGI

Our expression of Te Tiriti o Waitangi

The text of Te Tiriti, including the preamble and the three articles, along with the Ritenga Māori declaration, are the enduring foundation of our approach to achieving health and independence. Based on these foundations, we will strive to achieve the following four goals, each expressed in terms of mana.

Mana whakahaere

Effective and appropriate kaitiakitanga and stewardship over the health and disability system. Mana whakahaere is the exercise of control in accordance with tikanga, kaupapa and kawa Māori. This goes beyond the management of assets and resources and towards enabling Māori aspirations for health and independence.

Mana motuhake

Enabling the right for Māori to be Māori (Māori self-determination); to exercise their authority over their lives and to live on Māori terms and according to Māori philosophies, values and practices, including tikanga Māori.

Mana tangata

Achieving equity in health and disability outcomes for Māori, enhancing the mana of people across their life course and contributing to the overall health and wellbeing of Māori.

Mana Māori

Enabling Ritenga Māori (Māori customary rituals), which are framed by te ao Māori (the Māori world), enacted through tikanga Māori (Māori philosophy and customary practices) and encapsulated within mātauranga Māori (Māori knowledge).

Lakes DHB is committed within the framework of the New Zealand Public Health and Disability Act (2000) to supporting the Crown's commitment to upholding its Tiriti promises.
