**TITLE: Human Immunodeficiency Virus (HIV) Management of Infants Born To HIV +ve Pregnant Women**

**1. Source**

The following guideline has been approved by Lakes District Health Board, Child Health CQI Team. It is based on a guideline sourced from the web site which is listed under No 2 below. You must consider changes due to local circumstances, some of which are listed under Number 4 below - Points to Note. It is reasonable to obtain the guideline direct from the Web Site listed below. However, guidelines available on the web site can be updated by the organisation making them available and therefore there may be minor differences from the guideline as listed under No 4 below.
