

# Basic Life Support training 2023

Please complete the appropriate course for your position:

NON CLINICAL RESPONDERS – Staff who do not work in patient facing roles i.e. office admin. These staff must still be able to recognize a person that requires help and be able to activate an emergency team response.

Training for this group is the online BLS course found on [Ko Awatea Learn](#)

This should be repeated 2 yearly.

CLINICAL RESPONDERS – Staff who work in patient facing roles i.e. HCAs, attendants, security, ward clerks, Allied health and staff who work in low risk areas e.g. Sexual health and Mental health.

Training for this group is the online BLS course and then a practical assessment on Adult, Child and infant CPR and choking. Practice time is available.

This should be repeated 2 yearly.

## ONLINE BLS COURSE
