Course runs from 0745 to 1730

For Doctors and Nurses in Acute care settings, e.g. ED (Rotorua and Taupo), ICU/CCU, Theatre/PACU and Flexi nurses.

COURSE OBJECTIVES To enhance confidence with DRSABCD approach and skills of assessment and intervention. Also includes recognition of the deteriorating patient and initiating appropriate interventions via a team based approach.

There is a pre-reading workbook and Rhythm recognition e-learning which are sent out 3 weeks prior to the course. During the course there are scenarios, and practice sessions on CPR, AED, Airway to LMA, Manual defib and basic rhythm recognition. There is a short multiple choice exam.

The competency last for 3 years— basic CPR must be completed in the alternate years.
